RESPONSE

Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

In response to the Notice to File Corrected Application Papers, a copy of which is attached, a replacement specification, identical to the original patent application as filed, not incorporating the Preliminary Amendment or any other change, except for pagination, is attached. In the new specification, the claims begin on a page distinct from the descriptive part of the specification. Since this change results in changing of the page numbers of certain other parts of the patent application, namely the abstract, the entire patent application is again submitted.

Respectfully submitted,

LEYDIG, VOIT & MAYER, LTD.
